Junior had left the front door locked, because if unlocked, it would look as though he had wanted to facilitate their entry, and it would make them suspicious of the whole scenario..At the front door of the funeral home, as Panglo was showing him out, Jacob leaned close. "Joe Lampion didn't have any gold teeth." Agnes hadn't asked him to keep his strange feat a secret from his uncles. In truth, she had come home in such a curious state of mind that even as she'd worked with Jacob to prepare dinner and even as she'd overseen Edom's setting of the table, she hesitated to tell them what had happened on the run from Joey's grave to the station wagon. She fluctuated between guarded euphoria and fear bordering on panic, and she didn't trust herself to recount the experience until she had taken more time to

absorb it. Nolly raised his martini glass in a toast. "To Kathleen Klerkle Wulfstan, dentist and associate detective." A forgetful client had left the bumbershoot in the office six months ago. Otherwise, Nolly wouldn't have had any umbrella at all. Angel interrupted, bursting into the room, gasping for breath. "Come quick! It's incredible. It's wonderful. You've got to see this. And I mean, Barty, you have to see this." Few people will spend the greater part of their youth in school, struggling to obtain the education required for a medical specialty, unless they have a passion to heal. Franklin Chan was a healer, whose passion was the preservation of vision, and Agnes could see that his anguish, while a pale reflection of hers, was real and deeply felt. This wasn't art. This was pandering, mere illustration, more suitable for painting on velvet than on canvas. Footsteps in the hall drew their attention to the open door, where the surgeon appeared in his loose cotton greens. First room on the left. Move. Kick the door open. The sense of a larger space beyond, no bathroom this time, and darker. Fan the pistol, gripping with both hands. Two quick shots: muffled cough, muffled cough. The custom-fitted gold-link band of the wristwatch closed with a clasp that, when released, allowed the watch to slip over the hand with ease. Junior knew at once that the clasp had come undone when his arm tangled in the belt of Neddy's raincoat. The corpse had torn loose and tumbled into the Dumpster, taking Junior's watch with it. On a street a half mile from the airport in Eugene, he sat in the parked Dodge long enough to gingerly unwind the bandages and use a tissue to wipe off the pungent but useless salve he'd purchased at a pharmacy. Although he pressed the Kleenex to his face so gently that the pressure might not have broken the surface tension on a pool of water, the agony of the touch was so great that he nearly passed out. The rearview mirror revealed clusters of hideous, large, red knobs with glistening yellow heads, and at the sight of himself, he actually did pass out for a minute or two, just long enough to dream that he was a grotesque but misunderstood creature being pursued through a stormy night by crowds of angry villagers with torches and pitchforks, but then the throbbing agony revived him. As it turned out, Seraphim was a virgin. This thrilled Junior. He was inflamed also by the thought of ravishing her in her parents' house ... an by the kinky fact that their house was a parsonage. When he came to himself, sick and weak from the poison and with an aching skull, he was in a room with brick walls and bricked-up windows. The door had no bars and no visible lock. But when he tried to get to his feet he felt bonds of sorcery holding his body and mind, resilient, clinging, tightening as he moved. He could stand, but could not take a step towards the door. He could not even reach his hand out. It was a horrible sensation, as if his muscles were not his own. He sat down again and tried to hold still. The spellbonds around his chest kept him from breathing deeply, and his mind felt stifled too, as if his thoughts were crowded into a space too small for them. She bent down and kissed his cheek, his right eye, his left, his brow, his dry cracked lips. "I love you so much. I wanted to die when I thought you weren't with me anymore. Overlaying the birthmark were brighter stains. The plain face, less homely now, was less flat, too, pocked and torn into a new and horrendous geography. Junior had heard of this invention, but until now he'd never seen one. He supposed that an obsessive like Vanadium might go to any lengths, including this exotic technology, to avoid missing an important call. Neddy talked when Celestina paused for breath, talked over her when she didn't pause, heard only his own mellifluous voice and was pleased to conduct both sides of the conversation, wearing her down as surely as though far more rapidly than the sand-filled winds of Egypt diminished the pharaohs' pyramids. He talked through the first polite "Excuse me" of the tall man who stepped into the open doorway behind him, through the second and third, and then with an abruptness that was as miraculous as any cure at the shrine of Lourdes, he fell silent when the visitor put a hand on his shoulder, eased him gently aside, and entered the apartment. Clutching the red rose in his left hand, the brightly wrapped gift box half crushed in his right, Thomas Vanadium lay at Junior's mercy, with no tricks to perform, no quarter to set dancing across his knuckles. All the way to the nightstand, he expected to discover that the revolver had been taken from the drawer. Yet here it was. Loaded. Maria, however, lived comfortably with both the Catholicism and the occultism in which she had been raised. In Hermosillo, Mexico, the latter had been nearly as important to the spiritual life of her family as had been the former. "Look at it this way, Aggie. All the pies, all the things you do-that's betting on life. And now you've just been given the great blessing of being able to place larger bets." At last, as the sun slowly set, he arrived at the highest of the high redoubts, beyond which the branches were too young and too weak to support him farther. Against a sky red enough to delight the most sullen sailors, he rose and stood in a final crook of limbs, pressing his left hand against a balancing branch, right hand planted cockily on his hip, lord of his domain, having kicked off the trammels of darkness and fashioned from them a ladder. He reached the end of the alleyway, stumbled into the stream of pedestrians, nearly knocked over an elderly Chinese man, turned, and discovered ... no Vanadium. Caught unaware by the joke, she laughed. "Well, I'm glad to know I'm good for something. Is there maybe a special pie you'd like me to make today?" He stopped for lunch at a restaurant with a spectacular view of the Pacific, framed by massive pines. With an encircling and suggestive lick, and then licked his lips, too, when the cold steel slipped free of them. The painkiller was not morphine-based, and it did not signal its presence in the system by inducing sleepiness or even a faint blurring of the senses. After forty minutes, however, he was sure that it must be effective, and he put the book aside. From his first birthday to his third, Barty made worthless all the child-care and child-development books that a first-time mother relied on to know what to expect of her offspring, and when Barty grew and coped and learned according to his own clock. This room didn't face the street by which Cain would approach the building, so Vanadium switched on the lights. He spent fifteen minutes examining the mundane contents of the cupboards, searching for nothing in particular, merely getting an idea of how the suspect lived-and, admittedly, hoping for an item as helpful to a conviction as a severed head in the refrigerator or at least a plastic-wrapped kilo of marijuana in the freezer. He doused the light and crouched motionless in the absolute darkness, leaning against a wall of the dumpster to steady himself, because his feet were planted in slippery layers of fog-dampened plastic trash bags. Junior considered leaving before Vanadium still seventy-five yards away-arrived. He was afraid he would appear to be fleeing. Tom Vanadium was no alarmist, and the most logical explanation came to him first. Paul had wanted to learn how to roll a quarter across his knuckles, and in spite of being dexterously challenged, he practiced hopefully from time to time. No doubt, he had sat at the table this morning--or even last evening, before bed-dropping the coin repeatedly, until he exhausted his patience. Sitting on the edge of the bed, Maria lightly salted the runny eggs and spooned them into Agnes's mouth. "Eggs is as chickens does." Acutely aware that someone with more need than patience might soon rap at the locked door, Junior dropped back into the men's room. Angel followed him and observed as he climbed a stepstool and unhooked the telephone handset. He dialed with little pause between digits, and spoke with each of his uncles. Junior tossed garments on the floor and across the bed to create the impression that the detective had packed with haste. After being imprudent enough to blast Victoria Bressler five times with his service revolver--perhaps in a jealous rage, or perhaps because he had gone nuts--Vanadium would have been frantic to flee

justice.. "That's obvious to us, but not always to others. Apparently, this would have been some years ago." same," Agnes admonished. "Who's been raising you, sugarpie, if you don't know that? Are you going to pretend you've been brought up by wolves for nine years?" He heard her explain that the title of the exhibition had been inspired by one of her father's sermons, which aired on a nationally syndicated weekly radio program more than three years ago. This wasn't a religious program, per se, but rather one concerned with a search for meaning in life; it usually broadcast interviews with contemporary philosophers as well as speeches by them, but from time to time featured a clergyman. Her father's sermon received the greatest response from listeners of anything aired on the program in twenty years, and three weeks later, it was rerun by popular demand.. get his hackles up if we, at the state level, still want to poke around a little.. "She. Was eating. Dried apricots." Junior spoke almost in a whisper yet the ridge was so quiet that he had no doubt each of these uniformed but unofficial jurors heard him clearly. "Walking. Around the deck. Paused. The view. She. She. She leaned. Gone.. "Angel," Phimie said urgently, and then, with an effort that made a blood vessel swell. He found himself looking over his shoulder more than once. By the time he returned to his room, he felt half crushed by anxiety.. Paul Damascus remained busy, filling prescriptions, until he was finally able to take a lunch break at two-thirty.. The little hands, so weak now but someday strong: Would they eventually be capable of savagery, as were the father's hands? Misbegotten offspring. This seed of a demonic man whom Phimie herself had called sick and evil. However innocent-looking now, what pain might she eventually in-- on others? What outrages might she commit in years to come? Although Celestina searched intently, she could not glimpse the father's evil in the child.. Dinner was cooking in the upper of the two ovens. He switched the bottom oven, setting it at warm, and dropped open the door.. Perhaps these two months of frustration had brought him to this: hair-trigger nerves, fevered imagination, and anticipation distilled into dread.. Briefly, Junior felt humiliated. He wanted to drag the detective out of the car and stomp on his smug, dead face.. Tom removed the lid. No beer, one head. Simon Magusson's severed head lay faceup on the ice, mouth open as though he were standing in court to object to the prosecution's line of questioning.. Junior jammed on the brakes, slammed the gearshift into park, threw open the door, and plunged from the car. He spun around to face the menace, loose gravel shifting treacherously underfoot.. Taking her mother's advice to heart, Celestina sighed. "All right. Let's just pray they catch him. But if they don't ... two weeks, and then the rest of the plan, the way you said, Tom. Except that I can't tolerate two weeks-in a hotel, cooped up, afraid to go into the streets, no sun, no fresh air.. "While always Agnes held fast to hope, she knew that easy hope was usually false hope, and she didn't allow herself to speculate, even briefly, that his problem had resolved itself. Other symptoms-halos and rainbows-had disappeared for a time, only to return.. For a moment, none of them spoke. The silence was as flawless as the preternatural hush reputed to precede the biggest quakes.. "Frequently, symptoms appear early enough that radiation therapy in one or both eyes has a chance to succeed. Sometimes strabismus-in which one eye diverges from the other, either inward toward the nose or outward toward the temple-can be an early sign, though more often we're alerted when the patient reports problems with vision.. "Airborne, Phimie complained of ringing in her ears, which might have been related to the flight. She also suffered an episode of double vision and, in the airport after landing, a nosebleed, which appeared to be related to her previous symptoms.. Admittedly, she had allowed herself to be disturbed by the fall of the cards, too. According them any credibility at all opened the door to full belief.. "Ouch," said Edom, and this earned him loving smiles from Maria, Agnes, and Barty.. This is a tale of those times. Some of it is taken from the Book of the Dark, and some comes from Havnor, from the upland farms of Onn and the woodlands of Faliern. A story may be pieced together from such scraps and fragments, and though it will be an airy quilt, half made of hearsay and half of guesswork, yet it may be true enough. It's a tale of the Founding of Roke, and if the Masters of Roke say it didn't happen so, let them tell us how it happened otherwise. For a cloud hangs over the time when Roke first became the Isle of the Wise, and it may be that the wise men put it there.. Jacob didn't know how he could ever bear to look at Agnes when she came home from the hospital. The sorrow in her eyes would kill him as surely as a knife to the heart.. As Barty climbed to the porch without benefit of the railing and held out his right hand, Paul Damascus said, "Tom, we're wondering if Barty can extend to you the protection he gives to Angel in the rain. Maybe he can ... since the three of you share this ... this awareness, this insight, or whatever you want to call it. But he won't know until he tries.. "Over the following hour, as Walter Panglo guided Jacob through the planning of the funeral, Jacob recounted the gruesome details of numerous airliner crashes, shipwrecks, train collisions, coal-mine disasters, darn collapses, hotel fires, nightclub fires, pipeline and oil-well explosions, munitions--plant explosions....proud," she said, smiling as she quoted one of their father's most familiar sermons, "nor powerful.. "Periodic violent emesis without an apparent cause can be one indication of locomotor ataxia, but you've no other symptoms of it. I wouldn't worry about that unless this happens again.. "Gradually, Agnes realized that this was not a prayer for the soul of a deceased infant but for the survival of one still alive.. In the faraway, at the limits of night and fog, the dog bit off his bark in expectation.. Junior was flattered, he really was. Women couldn't get enough of him. The story of his life. They never let go gracefully. He was wanted, needed, adored, worshiped. Women kept calling after they should have taken the hint and gone away, insisted on sending him notes and gifts even after he told them it was over. Junior wasn't surprised that women would return from the dead for him, nor was he surprised that women he'd killed would try to find a route back to him from Beyond, without malice, without vengeance in their hearts, merely yearning to be with him again, to hold him and to fulfill his needs. As gratified as he was by this tribute to his desirability, he simply didn't have any romantic feelings left for Naomi and Seraphim. They were the past, and he loathed the past, and if they wouldn't let him alone, he would never be able to live in the future.. You ever hear it, Enoch? I'm that someone for you, of course, in a romantic sense.. "He had time to think of quite a few, because he drove five miles per hour below the posted speed limit. He couldn't risk being stopped for a traffic violation when Thomas Vanadium, the human stump, was dead and bundled in the back.. She closed her eyes, and he thought that she was gone, but then she opened them again. "There is one place beyond all the ways things are.. "We cherish the old stories for their changelessness. Arthur dreams eternally in Avalon. Bilbo can go "there and back again," and "there" is always the beloved familiar Shire. Don Quixote sets out forever to kill a windmill... So people turn to the realms of fantasy for stability, ancient truths, immutable simplicities.. The lid of the cooler wasn't on as tight as it ought to have been. From around one edge slipped a thin and sinuous stream of smoke. Something on fire.. His first year in San Francisco was an eventful one for the nation and the world. Winston Churchill, arguably the greatest man of the century thus far, died. The United States launched the first air strikes against North Vietnam, and Lyndon Johnson raised troop levels to 150,000 in that conflict. A Soviet cosmonaut was the first to take a space walk outside an orbiting craft. Race riots raged in Watts for five fiery days. The Voting Rights Act of 1965 was signed into law. Sandy Koufax, a Los Angeles Dodger, pitched a perfect game, in which no

hitter reached first base. T. S. Eliot died, and Junior purchased one of the poet's works through the Book-of-the-Month Club. Other famous people passed away: Stan Laurel, Nat King Cole, Le Corbusier, Albert Schweitzer, Somerset Maugham.... Indira Gandhi became the first woman prime minister of India, and the Beatles' inexplicable and annoying success rolled on and on..Edom and Jacob came to the house, asking what Dr. Chan had said, and Agnes lied to them. "There are some test results we won't have until Monday, but he thinks Barty is going to be all right." "Too few," said Maria, "might mean you made an admirably small number of moral mistakes but also that you failed to take reasonable risks and didn't make full use of the gift of life." By Sunday evening, a combination of factors-deep commitment to the philosophy of Zedd, explosive testosterone levels, boredom, self-pity, and a desire to be a risk-taking man of action once more-motivated Junior to splash a little Hai Karate behind each ear and go courting. Shortly after sunset, with a single red rose and a bottle of Merlot, he set off for Victoria Bressler's place..The ninth card was a jack of spades. Maria called it a knave of and at the sight of it, her bright smile dimmed..Though they had expected the cause of the explosion, both Paul and Harrison were halted by shock at the sight of all this ruination. They had expected to find the car jammed into the wall of the house, never this far inside. The speed required to penetrate this distance into the structure beggared Paul's skills of calculation and made him wonder if even recklessness and alcohol were sufficient to produce, such a catastrophe..He had difficulty picturing the detective puttering in the garden on weekends. Unless there were bodies buried under the roses.. "You mean it's like with you in the kitchen, but not if you go into the living room? Your cold has a mind of its own?" But Havnor is also the Great Isle, a broad, rich land; and in the villages inland from the port, the farmlands of the slopes of Mount Onn, nothing ever changes much. There a song worth singing is likely to be sung again. There old men at the tavern talk of Morred as if they had known him when they too were young and heroes. There girls walking out to fetch the cows home tell stories of the women of the Hand, who are forgotten everywhere else in the world, even on Roke, but remembered among those silent, sunlit roads and fields and in the kitchens by the hearths where housewives work and talk..the social worker and her family. Husband, wife, daughter, son. The little girl smiled shyly through braces. The boy was impish..The full nature of the nightmare continued to elude him, but he became convinced that good reason for his fear existed, that the dream had been more than a dream. He had a nemesis named Bartholomew not merely in dreams, but in the real world, and this Bartholomew had something to do with ... babies..A surprising number of the women who had been his lovers were recreational drug users, and over the past couple years, he had met several dealers who supplied them. From the least savory of these, he purchased five thousand dollars' worth of cocaine and LSD to establish his credibility, after which he inquired about forged documents..Precisely what type of prodigy Barty might be was initially not easy to deduce. He revealed many talents rather than just one..Angel returned to the table for apple juice and to announce, "They got a cookie-jar Jesus!". Agnes's faith told her that the world was infinitely complex and full of mystery, and in a peculiar way, Barty's talk of infinite possibilities supported her belief and gave her the comfort to sleep. Monday morning, New Year's Day, Agnes carried two suitcases out of the back door, set them on the porch, and blinked in surprise at the sight of Edom's yellow-and-white Ford Country Squire parked in the driveway, in front of the garage. He and Jacob were loading their suitcases into the car..Sklent proved to be angry, suspicious, volatile, but also a man of tremendous intellectual power. A profound and dazzling conversationalist, he rattled off breathtaking insights into the human condition, astonishing yet unarguable opinions about art, and revolutionary philosophical concepts. Later, except in the matter of ghosts, Junior would not be able to remember a single word of what Sklent had said, only that it had all been brilliant and really cool.. "Nah. Every secret society has a secret handshake. We'll have this instead." Her face was still close to his, and she rubbed noses with him..Shortly past nine o'clock, an hour after Edom and Jacob had gone, Barty came downstairs, book in hand. "The twisties are back."
