Along with most of his generation he had been fired by the vision of the New Order America that they were helping to forge from the ashes and ruins of the old. Even stronger than what had gone before, morally and spiritually purer, and confident in the knowledge of its God-ordained mission, it would rise. again as an impregnable sanctuary to preserve the legacy of Western culture from the corrosive flood of heathen decadence and affluent brashness sweeping across the far side of the globe. So the credo' had run. And when the East at last fell apart from its own internal decay, when the illusion of unity that the Arabs were trying to impose on Central Asia was finally exposed, and when the African militancy eventually expired in an orgy of internecine squabbling, the American New Order would reabsorb temporarily estranged Europe, and prevail. The.Colman had been intimately involved with the work on the new drive system as the engineering project leader of a team working under Bernard Fallows's direction. He had brought Kath and their four-year-old son Alex up to the ship to be present with him at the unveiling ceremony being held in the main concourse of the new nose section. Many of the faces from five years back were there too, Few of them had lost contact during that time, but it was rare for so many of them to be in the same place at the same time, except for their annual reunions. Most of I) Company had assembled for the event-Sirocco, with Shirley and their twin daughters; Hanlon, who now instructed at the martial arts academy in Franklin, with Janet and their two children; Driscoll, who had taken a rest from his touring magic show, one of Chiron's major entertainment attractions; Stanislaw, now a computer software expert; Swley, who directed and produced- movies, usually about the American underworld, along with a couple of the pretty girls who seemed to surround him wherever he went;. . and there were others. Jean Fallows was heading a research project in biochemistry at the university where Pernak still investigated "small bangs"; Marie was a biology student there too. "That's Remus," he said. "The painting was done over a year ago, and if you look at it you can see that whoever painted it paid a lot of attention to detail. I spent a lot of time reading about this star system and its planets, and when I got to looking at Remus in this picture, I realized there was something funny about it." Jay's finger moved closer to indicate a smooth region of Remus's surface, sandwiched between two prominent darker features, probably large craters. ~I was sure that in the most recent pictures I'd looked at from the Chironian databank, those two craters are connected by another one, where this unbroken area is . . . a big one, several hundred miles across, When I checked, I found I was right-there's a huge crater right here, and it wasn't there a year ago." Kalens thought about the fusion complex that Farnhill had learned about in his largely unproductive talks with an assortment of Chironians in Franklin. Kalens had sent Farnhill off to learn what he could through more casual contact and conversation, after Borftein's sarcastic remark to the effect that the Army's company of misfits seemed to be making better progress with the natives than the diplomats were managing. "Yes. . . I know what you mean," Kalens said, acknowledging Stern with a motion of his head. "As a matter of fact, we have already begun inquiries along those lines." He turned toward Farnhill. In particular, dangerous mutants. She had an image to protect.. "Oh, so it's trouble them fellas is looking for, is it?" a voice with just a hint of an Irish brogue asked softly from the doorway. Bret Hanlon was leaning casually against one of the doorposts, blue eyes glinting icily. His huge shoulders seeming almost to reach the other side of the door. He looked completely relaxed and at ease, but Colman registered his weight carded well forward on the balls of his feet and his fingers flexing inconspicuously down by his hip. The two corporals glanced at each other apprehensively. Hanlon's appearance altered the odds a bit. Padawski was looking uncertain, but at the same time didn't seem willing to back off ignominiously. For a few seconds that dragged like minutes, the charge in the room crackled at flashpoint. Nobody moved.. Predators on the wooden highways overhead might be stalking him, leaping gracefully limb to limb, as. "A payoff.". Ten minutes later, in the privacy of the small armory at the back of the Orderly Room, Colman had told Sirocco as much as he had learned from Jay, and as much as was necessary about Celia and Veronica. Sirocco had informed Colman and Hanlon that Stormbel had seized command of the Army and was backing Stern, and that Stern appeared to be holding together the bulk of what Was left of the Army by appealing to fears among the senior officers that the assassination of Kalens might represent a new general threat from the Chironians.. "Good enough?" Sirocco asked, cocking an eyebrow at Lechat.. "What kind of outcome?" Thelma asked from beside Leon.. Obviously something unusual was going on. Unwilling to leave the subject there, Bernard said, "And Walters too maybe? Perhaps he could use a refresher too..". "Does he expect you tonight?" Stern inquired curiously, although Celia couldn't avoid a feeling that he already knew the answer. She shook her head. "Where are you supposed to be?". drawer in search of something else.
