The sheriff can do not to put a lot of his limited resources into this, and no one will blame him. He can call it an accident and close the case, and he won't.' It's there even when you read to me now. The sad feeling, I mean. It changes the story, makes it not as good, because I can't pretend I don't hear how sad you are." Maybe his pursuit of the matter sprang from mere curiosity, the desire to discover what a child of his might look like; however, if something else lay behind his interest, the motivation would not be benign. Whatever Cain's intentions, he would prove to be at least an annoyance to Celestina and the little girl-and possibly a danger..-and wherever he went, between his shows, he always gave free performances at nursing homes, schools for the deaf..Carrying the brochure, Vanadium returned to the bathroom and switched on the overhead light. He stared at the slashed wall, at the name red and ravaged..Over the following hour, as Walter Panglo guided Jacob through the planning of the funeral, Jacob recounted the gruesome details of numerous airliner crashes, shipwrecks, train collisions, coal-mine disasters, darn collapses, hotel fires, nightclub fires, pipeline and oil-well explosions, munitions--plant explosions....."He's crafty, you say. Can you use him?". He was, admittedly, surprised that Nurse Bressler was strongly compelled to come on to him even though she had read his patient file and knew that he'd recently been a veritable geyser of noxious spew, that during the violent seizure in the ambulance, he had also lost control of bladder and bowels, and that he might at any moment suffer an explosive relapse. This was a remarkable testament to the animal lust he inspired even without trying, to the powerful male magnetism that was as much a part of him as his thick blond hair..After following the blacktop fifty feet, Junior headed downhill through the close-cropped grass, between the tombstones. He switched on his flashlight and trod cautiously, for the ground sloped unevenly and, in places, remained soggy and slippery from the rain..Opening his eyes, still not daring to meet Victoria's gaze, Junior knew she had registered and properly interpreted his response to her seductive spooning. She had frozen, the utensil in midair, and her breath had caught in her throat. She was thrilled..Thrusting the red rose at her again, insistently pressing it against her hand to distract her, Junior swung the Merlot, and just as Sinatra sang the word sugar with a bounce, the bottle smacked Victoria in the center of her forehead..In the kitchen, Barty sat at the table, and Paul's heart pinched at the sight of the boy in padded eyepatches..One detail. One only. It was a crucial detail, however, one that she absolutely must confirm before she left St. Mary's, even if she would be required to look at the child once more, this spawn of violence, this killer of her sister..Although rain-pasted to her skin, the fine hairs rose on the nape of her neck. The gooseflesh crawling across her arms had nothing to do with her cold, wet clothes..He stood at a window, staring down into the street, his profile to her, and in his silence he searched for the words to describe the "something extraordinary" that he had mentioned earlier..Yet, uncaught, the quarter would have dropped to the floor. Junior would have heard it ring off the tiles. Which he hadn't..That Olympian purge had, however, made him appear to be both emotionally and physically devastated by the loss of his wife. He couldn't have calculated any stratagem more likely to convince most.Missing windshield. Considering that the space was pinched by the crumpled roof, however, and in light of Agnes's pregnancy and imminent second-stage labor, the severe contortions involved in this extraction would be too dangerous..Junior couldn't imagine why some Negro stranger would want to intrude. He hoped there wouldn't be trouble..Scamp was a multit talented woman, with smoother skin than a depilated peach, with more delicious roundnesses than Junior could catalog, but she proved not to be the remedy for his tension. Only Bartholomew, found and destroyed, could give him peace..Of all the kindnesses that we can do for one another, the most precious of all gifts-time-is not ours to give. Bearing this in mind, Agnes did her best to guide her extended family through its grieving for Harrison and for Jacob, into happier days. Respect must be paid, precious memories nurtured, but life also must go on..Barty's math and reading skills exceeded those of most eighteen year-olds, but regardless of his brilliance, he was a few days shy of his third birthday. Prodigies were not necessarily as emotionally mature as they were intellectually developed, but Barty listened with sober attention, asked questions, and then sat in silence, staring at the book in his hands, with neither tears nor apparent fear..Thunder less distant now. Around her-the crackle of police radios, the clang of tools being readied, the skirl of a stiffening wind. Dizzying, these sounds. She couldn't shut her ears against them, and when she closed her eyes, she felt as though she were spinning..Even Agnes was briefly unnerved to the extent that she said, "Enough of this. It's not fun anymore..".The bullet had been fired by a renegade cop who was every bit as lousy a marksman as he was a corrupt scumball. He'd been aiming for Nolly's crotch..From his first birthday to his third, Barty made worthless all the child-care and child-development books that a first-time mother relied on to know what to expect of her offspring, and when. Barty grew and coped and learned according to his own clock..were uniformly negative, frequently hilarious, but never as succinct and violent as Sklent's..Although Paul had seen Tom Vanadium's clever coin trick, he didn't understand the rest of their conversation, and he assumed that for everyone else-except Angel's mother-it was equally impenetrable. But taking their clue from the risen Celestina, all those present had fallen silent..So Otter worked along with them with a clear head and an angry heart. They were in a trap. What's the use of a gift of power, he thought, if not to get out of a trap?.In the motel office, Junior paid for another night in advance. His preference in lodgings didn't run to greasy carpeting, cigarette-scarred furniture, and the whispery scuttling of cockroaches in the dark, but though feeling better, he was too tired and shaky to drive..That's obvious to us, but not always to others. Apparently, this would have been some years ago..Intuition told Tom Vanadium that the removal of the paintings was significant, but he wasn't a talented enough Sherlock to leap immediately to the meaning of their absence..The apartment above Elena's Fashions could be reached by a set of exterior stairs at the back of the building. The climb had never before taxed Agnes in the least, but now it took away her breath and left her legs trembling by the time she reached the top landing..One apartment to the right, one to the left. Junior went to the right, to Apartment 1, where he'd seen the lights come on behind the curtained windows..By

the grace of Caesar Zedd and Remy Martin, Junior eventually slipped into undulant currents of sleep, and as he drifted away on those velvet tides, he took some solace from the thought that come what may, December 29 would be a better day than December 28. The verdant hills to the east lay like slumbering giants under blankets of winter grass, bright in the morning sun. But when the shadows of clouds sailed off the sea and gathered inland, the slopes darkened to a blackish green, as somber as shrouds, and a landscape that had appeared to be sleeping forms now looked dead and cold. THE SANDMAN WAS powerless to cast a spell of sleep while Junior spent the night flushing away enough water to drain a reservoir. As Sinatra began to sing "I'll Be Seeing You," Junior stepped around the bloom and the Merlot. He cautiously peeled back two inches of the curtain at one of the sidelights. Even as the morning matured, the fog and the rain conspired to bar all but a faint gray daylight from St. Mary's. Shadows flourished. Junior didn't know much about guns. He didn't approve of them; he had never owned one. Just as the smile curved to completion, however, an awful thing happened. The humiliation began with a loud gurgle in his gut. Tom believed that the girl had an intuitive understanding of the true complexity of the world, but she was only three, after all, and neither ready nor able to absorb the scientific theory that supported her intuition. Turning around in his seat, watching with amusement as Celestina fumbled nervously with the currency, the cabbie said, "You're not scared, not you. Sitting back there so silent most all the way, you weren't thinking about being famous. You were thinking about that girl of yours." Junior hadn't suffered a paranormal experience since the early-morning hours of October 18, when he'd drifted up from a vile dream of worms and beetles to hear the ghostly singer's faint a cappella serenade. Shouting at her to shut up, he had awakened neighbors. "Yellow, yellow, yellow, yellow," Angel said with satisfaction as she examined herself in the mirrored closet door. The social worker and her family. Husband, wife, daughter, son. The little girl smiled shyly through braces. The boy was impish. Then it would stop. The torment would stop. Surely. His sense of drift, of sliding aimlessly through the days, would lift from him, and he would find purpose once more in determined self-improvement. He would definitely learn French and German. He would take cooking classes and become a culinary master. Karate, too. Twice would indicate a dangerous mania. Three times would be indefensible. But once was healthy experimentation. A learning experience. "All right," Celestina conceded, and looked relieved. "Thank you, Paul. You're not only an exceptionally brave man but a gracious one, as well." The boy didn't at once answer, and when Agnes looked up from Red Planet, she saw that he was staring oddly at her. He squinted, as if puzzled, and said, "The twisty spots just jumped off the page right up on your face." Excessive insurance, Agnes believed, was a temptation to fate. "A reasonable policy, yes, that's fine. But a big one ... it's like betting on death." "Did he say I'd met him?" Jacob asked, squinting past Edom toward the bright sunlight at the open door. The sight of the heavily bandaged face apparently pressed all of the compassion buttons in the reverend, because he broke out of his paralytic shock and started forward before he registered the weapon. Dr. Salk returned the photos, put a hand on Paul's shoulder, and smiled. "But that's always the way, you see? Heroes always get back more than they give. The act of giving assures the getting back." Increasingly, he used meditation to relieve stress. He was so skilled at concentrative meditation without seed-blanking his mind that half an hour of it was as refreshing as a night's sleep. Walking away, he was aware of the many faces at the windows, all as stupid as the faces of cud-chewing cows. He had given them something to talk about when they returned from lunch to their shops and offices. He'd reduced himself to an object of amusement for strangers, had briefly become one of the city's army of eccentrics. For the past two days, Junior had eaten only binding foods, and late this afternoon, he had taken a preventive dose of paregoric, as well. How ironic it would be if Celestina, the aunt of Seraphim's bastard boy, proved to be the heart mate for whom Junior had been longing through the past few years of unsatisfying relationships and casual sex. This seemed unlikely, considering the jejune quality of her paintings, but perhaps he could help her to grow and to evolve as an artist. He was an open-minded man, without prejudices, so anything could happen after the child was found and killed. In the kitchen, he fussily avoided the blood and stepped around Victoria to switch off both ovens. He killed the gas flame under the large pot of boiling water on the cook top. Extracting documents from his valise, Vinnie said, "Well, I've no right to talk. Food is my obsession. Look at me, so fat you'd think I'd been raised from birth for sacrifice." His first overnight journey, in June of '65, was to La Jolla, north of San Diego. He carried too large a backpack and wore khaki pants when he should have worn shorts in the summer heat. Exercise. Although they expected him to be dizzy, he had no difficulty whatsoever with his balance, and in spite of feeling a little drained, he wasn't as weak as they thought he was. He could have toured the hospital unassisted, but he played to their expectations and used the wheeled walker. Like a disc fish with silvery scales, the coin lay in the cup of Junior's palm. Directly over his life line. He closed his eyes to know the kitchen as Barty knew it. The fine aromas, the musical clink of spoons, the tinny rattle of pans, the liquid swish of a stirring whisk, the heat from the ovens, the women's voices: Gradually, denying himself sight, he was aware of his other senses sharpening. "It's easy to see you as a cop," Kathleen said. All the whacks, pops, and worm buckets just trip off your tongue, so to speak. But it takes some effort to remember you're a priest, too. Gorging on fudge cake and coffee to guard against a spontaneous lapse into meditative catatonia, Junior manfully admitted that he had been weak, that he had reacted to the unknown with fear and retreat instead of with bold confrontation. Because each of us can trust no one in this world but himself, self-deceit is dangerous. He liked himself better for this frank admission of weakness. Junior was at critical depth. The psychological pressure was at least five thousand pounds per square inch and growing by the second. Implosion imminent. He usually ate lunch alone in his office. The room was the size of an elevator, but of course didn't go up or down. It went sideways, however, in the sense that herein Paul was transported into wondrous lands of adventure. "I just wanted everyone to come see the spider, that's all. It was a really, really icky interesting bug." Robert Heinlein saved her. Over hot dogs and chips, she read to Barty from Red Planet, beginning at the top of page 104. He had previously shared enough of the story with Agnes so that she felt connected to the narrative, and soon she was sufficiently involved with the tale that she was better able to conceal her anguish. Like autumn-red ivy, lushly leafed vines of flame crawled up the house. The porch under them was ablaze, as well. Shingles smoldered beneath their feet, and flames ringed the roof on which they stood. Everyone regarded him expectantly, as if there would be more magic, as if flipping a coin into another reality was something you saw every week or two on the Ed Sullivan Show, between the acrobats and the jugglers who could balance ten spinning plates on ten tall sticks simultaneously. straddles him, driving big fists into his back, brutally into his sides. With high fences and hedgerows of Indian laurels. At nearly forty years of age, Edom still dreamed of that grim summer afternoon, although not as often as in the past. When it troubled his sleep these days, it was a nightmare that gradually metamorphosed into a dream of tenderness and hope. Until the last few years, he'd always awakened when the roses were being jammed into his mouth or when the thorns flicked through his eyelashes, or when Agnes began to strike their father with the Bible,

thus seeming to assure worse punishment. This additional act, this transition from horror to hope before he woke, had been added when Agnes was pregnant with Barty. Edom didn't know why this should be so, and he didn't try to analyze it. He was simply grateful for the change, because he woke now in a state of peace, never with worse than a shudder, no longer with a hoarse cry of anguish..Earlier, he had placed an open fifth of vodka on the table, in front of Victoria. The nurse, no longer in the chair, sprawled on the floor as if she had emptied another bottle before this one..demons: hypodermoclysis ... intravenous oxytocin ... maintain perfect asepsis, and I mean perfect, at all times ... a few oral preparations of ergot as soon as it's safe to give her anything by mouth.He turned from the cowering girl and studied the boy, who stood a few steps inside the room, holding a can of soda in each hand. The artificial eyes were convincing, but they didn't possess the knowing look that so troubled him in the strange girl..During this same period, having subscribed to the opera, Junior attended a performance of Wagner's The Ring of the Nibelung..The big-headed, bulging-eyed, slit-mouthed runt had collected \$850,000 from Naomi's death, so the least he could do was provide a little information. He'd probably bill for the time, anyway..The Church nourished the soul, while the occult nourished the imagination. In Mexico, where physical comforts were often few and hope of a better life in this world was hard won, both the soul and the imagination must be fed if life was to be livable.
